Franklin Pierce Law Center Clinic
Two White St
Concord, NH 03301

To all the wonderful lawyers and students that worked on my behalf:

I want to express my gratitude to all of you for all that you have done for me. I had no idea that there were wonderful lawyers anywhere, especially lawyers as compassionate, caring and hardworking as Attorney Peter Wright and Attorney Ashlyn Lembree. When I walked into the Franklin Pierce Law Clinic on July 3, 2008 I was in a desperate state. Ken Fortier was so nice and so helpful. I had a good feeling when I left there. Then when I was contacted and told that my case was accepted I really didn't know what to expect. I had no idea that I would be treated so kindly and with so much respect. It is difficult to ask for help/charity. But I never felt that I was treated any less than a high paying client. The hours and hours of hard work that was done on my behalf were amazing to me. I could barely read the paperwork without getting a headache. But Attorney Wright and Attorney Lembree and the students worked diligently to be sure that all T's were crossed and I's were dotted. And the outcome is such a relief. I could go on and on.

I am still unsettled that the record companies are able to treat upstanding American Citizens in this way. Invading people's privacy and accusing people of things that don't even make sense. It is such a sad waste of the courts time.

I will always be grateful.

Sincerely,

Mavis Roy
